<p>The effect on trees and landscape of area, for a long time this area has been left as nature intended, the trees are well established, wildlife nature will be affected. Also there are no plans in place to deal with extra traffic and highway management, all the properties planned for would extra traffic to come up lady Ann road onto soothill lane, there is already an ongoing problem with delays and congestion on this road at various times during the day and evening, something needs to be put in place to alleviate this problem, for soothill lane before any plans are made for extra housing .</p>
