<p>The sight is a historic flood sight spanning hundreds of years up to today.it has now formed into a natural water meadow with allsorts of wildlife and fauna.the erection of dwellings would not be in keeping with the victorian surroundings.no provisions have been put in place for the maintenance of the roads on this sight by the developer.the area would not be able to cope with more traffic congestion which is increasing by the year.the field is a well known and well used walk on the way up to howley ruins.</p>
