How many times is Nobles going to be allowed to apply for planning permission . Yet again the same problems and objections arise to this application - effect on Wildlife, effect on traffic in the area, effect on parking in the area, effect on the current bus route, effect of the ecology of the proposed area, effect on schools, doctors, and effect on current residents in the area whose lives will be adversely affected if this application went ahead. The area at the moment is rather overloaded and couldnt possibly deal with any further effects on the above. I totally object to this application !!
