I object to building on this field.every week me and my 2sisters (we are all in our 70s)do a walk we use the footpath that runs through the proposed site and make our way up to howley ruins and onto briar woods and all the way back..we feel totally safe and love the area.houses would spoil it.plus the lower field is often flooded looking like a lake.its like a wild meadow full of wildlife and butterflies .its a well trodden and much loved walk for lots of people in the area.
