<p>I am against the planning application as Lady Anne road is already difficult to drive down with current traffic. I've seen a bus have to mount the curb to get past cars multiple times. I can't imagine how bad it would be with trucks regularly going down during building. More houses and more cars will only make it worse.</p> <p>The road is also liable to flooding which can only get worse with houses being built on land that would usually absorb the water.</p>
