Dear sir/madam ,I have lived in my house on primrose hill for over fifty years.and I oppose the plans to build houses on open green land between primrose hill and lady ann Road.i purchased my house for the views and green land which came with the house so my children had some where to play and also visiting nephews and nieces.and years after my grand children and now my great grand children.because at the front of house is the road which is not safe for them to play .

The land is habitat to nature and developing on this land would disturb all the living creatures in this area

Has the traffic been monitored in this area because its already congested

I will be positioned between these proposed houses and railway embankment and feel like a sardine in a can .this is not what I want,and no safe haven for children

Yours sincerely
