Subject: 2021 / 94280 - objection
Date: 16 January 2023 23:34:31

Hello,

I am emailing in order to put across my objection in writing. I am shocked that there has been an application made, in hope to build houses on the piece of land behind Primrose Hill street. I strongly disagree with this and the reasons as to why are listed below ..

- this will add to the traffic queues already present
- this could create further conflict between locals
- this will add to the noise within the area
- this will take away the peace and tranquility
- this will add to the pollution within the area
- this will affect the local wildlife
- this will affect places for locals to walk
- this will affect people walking their pet dogs
- this affect the mental health of those in the area
- the area is already over populated
- it is already difficult to secure a GP appointment
- it is already difficult to park in the local car park
- this will place those in the new houses at risk of flooding
- this will take away scenery for those living in the local area

I hope that my reasoning is both read and taken into account. If you wish to speak with me further please do not hesitate to contact me.

Regards,
