Planning Application Decision Notice

To:	Ilyas Ramjan, ISR Design Consultancy 4, Millwater Avenue Thornhill Lees Dewsbury WF12 9QN
For:	M KARIM

Town and Country Planning Act 1990

Town and Country Planning (Development Management Procedure) (England) Order 2015

REFUSAL OF PERMISSION FOR DEVELOPMENT

Application Number: 2021/62/94320/E

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby refuses to permit:-

	ERECTION OF TWO STOREY AND SINGLE STOREY REAR EXTENSION AND FRONT PORCH EXTENSION
At:	5, LAWNHURST MEWS, DEWSBURY MOOR, DEWSBURY, WF13 4TB

In accordance with the plan(s) and applications submitted to the Council on 18-Nov-2021, except as amended or specified, details of which can be found in the table below. The reasons for the Council's decision to refuse permission for the development are:

1.The proposed extensions to the rear, by reason of the design and scale, would not form a subservient addition to the dwelling which would be harmful in terms of visual amenity for both the host property and the wider area. To permit the rear extension would be contrary to policy LP24 of the Kirklees Local Plan, KDP 1 & KDP2 of the House Extension SPD and advice within chapter 12 of the National Planning Policy Framework.

2. The proposed rear extension, by reason of its projection and position along the shared boundary with the adjoining dwelling would result in an overbearing impact and cause overshadowing in the morning. To permit the rear extension would be contrary to policy LP24 of the Kirklees Local Plan, KDP 5 & KDP 6 of the House Extension SPD and advice within chapter 12 of the National Planning Policy Framework.

3. The proposed extensions and alterations, by reason of the provision of two extra bedrooms, would generate a requirement for additional off-road parking which cannot be provided within this site. To permit the development would result in indiscriminate on-street parking compromising highway safety and therefore being contrary to Policy LP22 of the Kirklees Local Plan, Key Design Principle 15 of the House Extension SPD and advice within the National Planning Policy Framework.

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

The submitted plans raised concerns in terms of the design and scale of the extension with regards to the impact in terms of the character of the area and the harm to neighbouring properties in terms of overbearing and oppressive impact. Furthermore, there would be insufficient parking provision. Although the Kirklees Development Management Charter together with the National Planning Policy Framework and the DMPO 2015 encourages negotiation/engagement between Local Planning Authorities and agents/applicants, this is only within the scope of the application under consideration. As there were multiple issues, these were considered too significant under this application. As such, amended plans have not been sought.

Development within a Coal Mining Area

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speeder installation at a later date.

To discuss the benefits that FTTP may have for your development, please contact Carl Tinson in Kirklees Council's Digital Team at carl.tinson@kirklees.gov.uk.

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost-effective provision of fibre infrastructure in the future.

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

- As this is a decision for a householder application, if you want to appeal against your Local Planning Authority's decision then you must do so within 12 weeks of the date of this notice.

- If an enforcement notice is served or has been served relating to the same or substantially the same land and development as in your application and if you want to appeal against the local planning authority's decision on your application, then you must do so within:

  i) 28 days from the date of this notice where the enforcement notice has been served,
  ii) 28 days of the date of service of the enforcement notice or,
  iii) 12 weeks of the date of this notice,

  which ever period expires earliest.

- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at the Planning Inspectorates Website . Further information on the Planning Appeal process can be found online at the Planning Inspectorates website.

- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.

- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

- The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.
