

Subject: 2021/94410 - land at, Olney Street, Slaithwaite, Huddersfield, HD7 5EG - Outline application for residential development.

I write further to our phone call today.

As per our discussion you advise that you wish to raise the following points in objection:-

- Loss of 4 / 5 parking spaces
- Large elderly population, vehicles (carers, ambulances etc regularly visit)
- Allocated disabled spaces mean parking is very much at a premium
- Turning for large vehicles will be detrimentally impacted upon
- Elderly residents no access to computers to enable them to raise objections
- No notice gone up on this occasion but there was one on the previous application
- No residents received correspondence (bungalows next to site and houses opposite)
- Can extension for comments to be received be provided beyond 5 January

Please confirm to me if you wish for these objections adding to the application file.
