Hello John

The RAL colour will be 9016 (Traffic white)  
I look forward to the decision this week.

Kind regards

Louise

Dear Louise Cristobal

I write with regard to the above application.

Apologies for the length of time taken for this application. I have the comments from the Conservation Team and am in a position to process this application. I am aiming for it to be determined by the end of this week. Please let me know if you are agreeable to that timescale for determination.

Another question I have is that whilst the plans show the sculptures will be powder coated finish I am not sure what the specific colour will be. Is it intended to be grey as per the plans? Do you know the specific colour they will be (a RAL colour code would be useful if it is known).

Please note that the submission of amended plans and further information does not necessarily mean that any grant of approval will be automatically forthcoming, this email is sent with the intention of being helpful and informative however it cannot be considered binding upon the council in making a decision upon this application.

Regards

John Holmes
