WELCOME

MOVING HOME IS AN EXCITING TIME THAT CAN MEAN CHANGES TO YOUR LIFESTYLE AND DAILY ROUTINES.

Whether you are thinking about moving to Spring Wood Park or you are already settling into your new home there, you may be wondering what local travel options are available to you. This guide provides a summary of the travel choices you could make, with a focus on more sustainable and environmentally friendly options.

Miller Homes recognise our responsibility to reduce the impact of our developments upon the local community and the environment, and by publishing this guide we hope to minimise the amount of unnecessary car journeys made.

Complementing this guide we have published a travel choices website, providing access to some really useful information and resources. Plan a journey by public transport, explore local cycle maps, read up on the benefits of electric vehicles and much more ...

LET'S GET ACTIVE

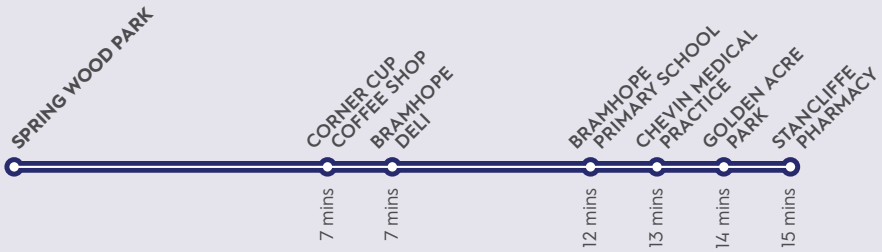

We all know that regular physical activity is incredibly beneficial to us. On a personal level it can, therefore, make a lot of sense to walk, cycle or run when we can rather than getting in the car.

Beyond the health benefits we should not, however, overlook the wider benefits that riding a bike or walking more regularly can have on our local community and the wider environment.

Undertaking local journeys on foot or by bike can help contribute towards reduced local congestion, less parking pressures, and improved air quality, making the streets around your home more pleasant and safe for all.

Not to mention the fact that active travel choices are extremely cheap (even free) when compared to other options!

APPROX TIME TO TRAVEL ON FOOT

Cycling is a great way to get around, and there has never been a better time to get out on your bike whether alone, with friends or with your family.

Spring Wood Park is in a great location for getting out and about by bike. You can be in Headingley in around 20 minutes, where you'll find an array of independent shops, cafes and restaurants, whilst a bike ride into Leeds will take around 40 minutes.

Whilst some of the main routes around Spring Wood Park can be busy, many of the smaller local roads in the area are classed as advisory cycle routes in West Yorkshire's cycle network.

We've packed the Spring Wood Park travel choices website with a range of information, tools and resources relating to local active travel options. Plan a journey, view a cycle map or even learn how to repair a puncture:

EXPLORE YOUR PUBLIC TRANSPORT OPTIONS

Spring Wood Park is well connected to the surrounding area by public transport. Local bus stops can be found immediately outside the development, on **Leeds Road**.

Those travelling further afield have the option to travel by train from Horsforth station, which is around a 20-minute cycle ride away from Spring Wood Park or a 10-minute car journey, with cycle storage and limited car parking available at the station. Trains run to Leeds every 30 minutes, to York via Harrogate every hour and to Knaresborough every hour.

Key local bus services include:

Service X84 Leeds – Otley/Ilkley

A service every 15 minutes Monday to Saturday daytime and every 30 minutes on Sundays and evenings. Through the week, every other service terminates at Otley, rather than Ilkley.

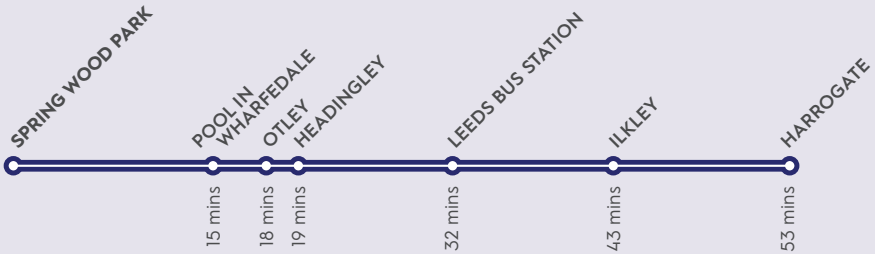

Operated by First Bus.

Service 85 Leeds – Pool

A service every 90 minutes Monday to Saturday daytime, with no services on Sundays.

Operated by First Bus.

MAKE THE MOST OF BUS OPERATOR APPS

The way that we plan and pay for bus journeys is changing. Gone are the days of fingering through printed timetables, standing at the bus stop in the hope that your bus is around the corner, or fumbling around for loose change.

Bus operators have been embracing the technology now available. Handy apps show the location of your bus on a real time map, allow you to easily plan a journey between A and B, and even let you buy and store your tickets for easy and safe access. Visit the Spring Wood Park travel choices website to find out more.

SUSTAINABLE CAR USE

Whilst there are times when it is easy enough to walk, cycle or hop on public transport, for some people and some trips the only realistic option is to travel by car. That is not to say, however, that you couldn't still save money and do your bit for the environment, even when travelling by car.

Have you considered whether you could share your journey by car, reducing the number of vehicles on the road? Or could you switch to an electric or hybrid vehicle, helping to reduce transport related CO_2 emissions?

FIND A CAR SHARE COMPANION

Do you often drive alone in your car, maybe to work on a daily basis? If you share the ride with just one other person you could halve the costs of your journey, by splitting the cost of petrol and parking.

Whilst a lot of car sharing is arranged informally, with friends, family or colleagues, there are now ways of identifying other people undertaking a similar journey. The **West Yorkshire Liftshare** scheme is easy to use and allows you to see if there is anyone else you could share a car journey with. Simply enter your journey details and some basic preferences, and let the system do the rest.

ARE YOU READY TO JOIN THE EV REVOLUTION?

Electric vehicles (EVs) are the future of driving. With an ever-increasing number of charging points available, as well as new and exciting vehicles on the market, drivers now have greater choices and flexibility when it comes to choosing an EV.

The EV market can seem like a minefield, with lots of questions about the best options and practicalities of owning an EV. To try and help out we've pulled together some useful information, resources and tools on the Spring Wood Park travel choices website. Find out more about vehicle options, how to charge and how much money you could stand to save.

USING A CAR CLUB

Car clubs are great! They provide people with convenient access to a car, without all the costs and hassle of owning one. No need to buy a car, pay fixed rentals, sort insurance or maintenance.

You can reserve a car at a moment's notice, with bookings available from as little as £2.50 an hour. When picking up the car there is no need to even see anyone, simply unlock the vehicle using your smart phone or membership card and off you go!

At Spring Wood Park your nearest car club vehicle is located on Troy Road in Horsforth. Alternatively, jump on the bus and be at the car on St Michael's Rd in Headingley in under 25 minutes! Visit the travel choices website to find out more about using Enterprise Car Club.

OFFERS, DISCOUNTS & SAVINGS

To help minimise the cost of your sustainable transport choices we have arranged a range of discounts and offers which Spring Wood Park residents can take advantage of. We've also identified a number of further opportunities to save on the cost of your journeys:

HALFORDS: Save on the cost of a new bike, accessories and servicing at the UKs leading cycle retailer.

COTSWOLD OUTDOORS: Need a new pair of walking shoes or some outdoor clothing? Save 10% on the full range at Cotswold Outdoor.

BIKE DOCK SOLUTIONS: Save 10% on the cost of home bike storage and security solutions, including stands, lockers and wall hanging products.

Find out more about these and other savings at **springwoodpark-travelchoices.uk**

FREE ANNUAL BUS PASS
