<p>I wish to OBJECT strongly to this development in this location for the following reasons:</p> <p>The volume of traffic this development will generate will cause large scale problems to the surrounding roads. Whitechapel Road and Turnsteads Avenue are already congested at various times and this proposal and the building of 120 new houses (already passed) at the top of Whitechapel road potentially generating a further 240 cars on top of the possible 660 cars from arriving and leaving with every shift change at this site would cause gridlock in the area.</p> <p>There are three schools in close proximity to the proposed development which would cause concerns for the safety and health of children walking and cycling to school from the volume of traffic causing pollution and possible accidents.</p> <p>Chain Bar and Bradford Road would also struggle with the large increase in the traffic flow.</p> <p>I also support Save Our Spen's representation on this planning application as I share it's concerns.</p>
