<p>I strongly object on the following grounds:</p> <p>Traffic- I collect my grandson from Whitechapel Primary as my daughter is a teacher. I live and work in Bradford so have to travel to Cleckheaton by car. I am already regularly stressed about getting him on time due to the traffic on chainbar and/or scholes, especially at peak times. When there has been bad weather or a traffic accident (which is very often) I have to leave my job (working with children!) early which puts stress on my co-workers. I cannot fathom why this company would even consider building there, and hope that Kirklees see sense and do not allow this proposal</p> <p>Safety- my other grandchildren walk to to high school, Whitcliffe Mount. I am concerned for their safety and that of other children walking to school. The roads are very busy, with people parking badly and blocking sight around corners. I have seen trucks thundering down Whitechapel Rd and can only see this worsening. If anything was to happen to any child, I would hold Kirklees council fully responsible for allowing this proposal.</p>
