Town and Country Planning (Development Management Procedure) (England) Order 2015

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2022/70/90223/E

To: Hamish Gledhill,
Acumen Designers & Architects Ltd
Headrow House
Old Leeds Road
Huddersfield
HD1 1SG

For: A Blakey

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

VARIATION OF CONDITION 2 (PLANS AND SPECIFICATIONS) ON PREVIOUS PERMISSION 2021/92116 FOR ERECTION OF DETACHED DWELLING AND SINGLE AND TWO STOREY REAR EXTENSION TO EXISTING DWELLING

At: 23, FALL LANE, HARTSHEAD, LIVERSEDGE, WF15 8AP

In accordance with the plan(s) and applications submitted to the Council on 21-Jan-2022 [together with those plans and application(s) submitted to the Council on 11-Jun-2021 and incorporated into planning permission ref no. 2021/62/92116/E granted on 16-Dec-2021] and subject to the condition(s) specified hereunder:-

1. The development hereby permitted shall be begun prior to the 15th December 2024.
Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.
Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, and to accord with Policies LP21, LP22 and LP24 of the Kirklees Local Plan as well as the aims of the National Planning Policy Framework.

3. Samples of all facing and roofing materials shall be submitted to and approved in writing by the Local Planning Authority before development commences on the superstructure of the new dwelling hereby approved. The development shall then be completed using the approved materials.
Reason: In the interest of visual amenity and to accord with the aims Policy LP24 of the Kirklees Local Plan as well as aims of Chapter 12 of the National Planning Policy Framework and key principles of the Housebuilders Design Guide SPD.

4. Prior to first occupation of the dwelling an electric vehicle recharging point shall be installed. Cable and circuitry ratings shall be provided to ensure a minimum continuous current demand of 16 Amps and a maximum demand of 32Amps. Thereafter the electric vehicle recharging point so provided shall be retained.
Reason: In the interests of promoting modes of transport with ultra-low emissions and to accord with the sustainability principles of the National Planning Policy Framework and key principles of the Housebuilders Design Guide SPD.

5. Development shall not commence until actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study Report) has been submitted to and approved in writing by the Local Planning Authority.
Reason: To identify and remove unacceptable risks to human health and the environment from a coal mining features and hazards in accordance with Policy LP53 of the Kirklees Local Plan and the Chapter 15 of the National Planning Policy Framework. This is a pre-commencement condition as it could affect the method of construction of the dwelling.

6. Where further intrusive investigation is recommended in the Preliminary Risk Assessment approved pursuant to condition 5 development shall not commence until a Phase II Intrusive Site Investigation Report has been submitted to and in writing by the Local Planning Authority.
Reason: To identify and remove unacceptable risks to human health and the environment from a coal mining features and hazards in accordance with Policy LP53 of the Kirklees Local Plan and the Chapter 15 of the National Planning Policy Framework. This is a pre-commencement condition as it could affect the method of construction of the dwelling

7. Where site remediation is recommended in the Phase II Intrusive Site Investigation Report approved pursuant to condition 6 development shall not commence until a Remediation Strategy has been submitted to and approved in writing by the Local Planning Authority. The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures.
Reason: To identify and remove unacceptable risks to human health and the environment from a coal mining features and hazards in accordance Policy LP53 of the Kirklees Local Plan and the Chapter 15 of the National Planning Policy Framework. This is a pre-commencement condition as it could affect the method of construction of the dwelling.

8. Remediation of the site shall be carried out and completed in accordance with the Remediation Strategy approved pursuant to condition 7. In the event that remediation is unable to proceed in accordance with the approved Remediation Strategy or contamination not previously considered in the Phase II Intrusive Site Investigation Report is identified or encountered on site, all works on site (save for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Works shall not recommence until proposed revisions to the Remediation Strategy have been submitted to and approved in writing by the Local Planning Authority. Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Strategy
Reason: To identify and remove unacceptable risks to human health and the environment from a coal mining features and hazards in accordance with Policy LP53 of the Kirklees Local Plan and the Chapter 15 of the National Planning Policy Framework.

9. Following completion of any measures identified in the approved Remediation Strategy or any approved revised Remediation Strategy, a Validation Report shall be submitted to the Local Planning Authority. No part of the site shall be brought into use until such time as the remediation measures for the whole site have been completed in accordance with the approved Remediation Strategy or the approved revised Remediation Strategy and a Validation Report in respect of those remediation measures has been approved in writing by the Local Planning Authority.
Reason: To ensure that unacceptable risks to human health and the environment from a coal mining features and hazards have been appropriately remediated in accordance with Policy LP53 of the Kirklees Local Plan and the Chapter 15 of the National Planning Policy Framework.

10. The development shall not be brought into use until all areas indicated to be used for parking on the approved plan(s) have been laid out with a hardened and drained surface in accordance with the Communities and Local Government; and Environment Agency's 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or any successor guidance; Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended (or any Order revoking or re-enacting that Order) this shall be so retained, free of obstructions and available for the use(s) specified on the submitted/listed plan(s) for the lifetime of the development.
Reason: In the interests of amenity and traffic safety, to ensure adequate space within the site for vehicle movements and parking and to ensure that the areas of hardstanding are appropriately drained in accordance with Policies LP21 and LP22 of the Kirklees Local Plan as well as the aims of the National Planning Policy Framework.

11. Before construction work commences a report specifying the measures to be taken to protect the development from noise from all significant noise sources that are likely to affect the proposed development eg the adjacent children's playground and recitation ground shall be submitted to and approved in writing by the Local Planning Authority. The report shall:
a) Determine the existing noise climate
b) Predict the noise climate in gardens (daytime), bedrooms (night-time) and other habitable rooms of the development
c) Detail the proposed attenuation/design necessary to protect the amenity of the occupants of the new residences (including ventilation if required).
the development shall not be occupied until all works specified in the approved report have been carried out in full and such works shall be thereafter retained
Reason: So as not to detract from the amenities of future occupiers by reason noise disturbance and to accord with Policy LP24 of the Kirklees Local Plan and key principles of the Housebuilders Design Guide SPD.

12. Notwithstanding the submitted plans and information, full details of all boundary treatments and retaining walls, including their height and material, shall be submitted to and approved in writing by the Local Planning Authority before development commences on the superstructure of any dwelling hereby approved. The development shall thereafter be completed in accordance with the approved details before the dwellings are first brought into use and thereafter retained.
Reason: In the interest of visual amenity and to accord with the aims of Policy LP24 of the Kirklees Local Plan as well as Chapter 12 of the National Planning Policy Framework and key principles of the Housebuilders Design Guide SPD.

13. Notwithstanding the provisions of section 55(2)(a)(ii) of the Town and Country Planning Act 1990 and the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking or re-enacting that Act or Order with or without modification) no doors, windows or any other openings (apart from any expressly allowed by this permission) shall be created within the East and West elevation of the extension hereby approved.
Reason: So as not to detract from the amenities of future occupiers and neighbouring properties by reason of loss of privacy and to accord with Policy LP24 of the Kirklees Plan and key principles of the Housebuilders Design Guide SPD.

14. Before the development is brought into use, the window shown in the first floor south east elevation of the dwelling hereby approved shall be obscurely glazed to a minimum grade 4 and thereafter be retained.
Reason: So as not to detract from the amenities of adjoining neighbouring properties by reason of loss of privacy and to accord with Policy LP24 of the Kirklees Plan and key principles of the Housebuilders Design Guide SPD.

NOTE: The changes to the access within the adopted highway fronting the property will need to be constructed under a section 184 agreement of the 1980 Highways Act (vehicle crossings over footways and verges). You are required to consult the Design Engineer (Kirklees Street Scene: 01484 221000) with regard to obtaining this permission and approval of the construction specification. Interference with the highway without such permission is an offence which could lead to prosecution.

NOTE: To minimise noise disturbance at nearby premises it is generally recommended that activities relating to the erection, construction, alteration, repair or maintenance of buildings, structures or roads shall not take place outside the hours of:

07.30 and 18.30 hours Mondays to Fridays
08.00 and 13.00 hours, Saturdays

With no working Sundays or Public Holidays In some cases, different site specific hours of operation may be appropriate. Under the Control of Pollution Act 1974, Section 60 Kirklees Environment and Transportation Services can control noise from construction sites by serving a notice. This notice can specify the hours during which work may be carried out.

Plans and specifications schedule:-

Existing block plan	2961 (100)01		11.06.2021
Coal Mining Risk Assessment by Geotechnical Environmental June 2021	C1800/21/E/2782		11.06.2021
Proposed site sections	2691 (100) 06	C	23.11.2021
Proposed plans and elevations	2691 (100) 05	D	23.11.2021
Proposed block plan	2691 (100) 03	C	23.11.2021

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application. The applicant was not approached throughout the application process as the proposal was considered to be acceptable as submitted.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Telephone: (01484) 221550 for more information.

Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity at the surface or shallow depth. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of new development taking place.

It is recommended that information outlining how former mining activities may affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), is submitted alongside any subsequent application for Building Regulations approval (if relevant).

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design which takes into account all the relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at: www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- **Economic prosperity – workforces that are digitally-literate enables business to thrive.**
- **Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.**
- **New services – digital delivery can lower costs and provide innovative public and health services more conveniently.**

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speeder installation at a later date.

To discuss the benefits that FTTP may have for your development, please contact Carl Tinson in Kirklees Council's Digital Team at carl.tinson@kirklees.gov.uk

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- **If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.**
- **If an enforcement notice is served or has been served relating to the same or substantially the same land and development as in your application and if you want to appeal against the local planning authority's decision on your application, then you must do so within:**

i) 28 days from the date of this notice where the enforcement notice has been served,
ii) 28 days of the date of service of the enforcement notice or,
iii) the specified period starting from the date of this notice,

whichever period expires earlier.

- **If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.**

- **The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.**

- **Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://www.gov.uk/planning-inspectorate. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website https://www.gov.uk/government/organisations/planning-inspectorate.**
- **You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.**
- **The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.**
- **The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.**

- **In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.**

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- **If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.**

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.
