Dear Kirklees Council,

I am the homeowner at 102, old lane, BD112JX.

I have received a letter about planning permission for the house next door (104, old lane) to be turned into a beauty salon. I have no objections for this to go ahead, but I do have a request. The parking on my street/outside my house can be really bad at times, with people blocking my drive etc. I need my drive to be accessible at all times for Emergency work on powercuts etc. Would be there any chance that I could get some road markings outside my drive in order to combat this? As I do think a new beauty salon would pose an opportunity for customers to block my drive as they are just 'popping in' and 'won't be long'.

As conclusion, I have no objections as mentioned above, but would like for my request to be acknowledged if possible.
