<p>Golcar as a village has already had 5 new housing developments built in the last few years. There is 1 doctors surgery in the area for this proposed development, it cannot cope currently with its local population. There are 2 primary schools within catchment which are already oversubscribed. The road outside the rose and crown pub currently is busy and on a sharp blind bend, creating access to a housing estate would be dangerous in this location. Increased traffic in this area would pose a risk to children as this is a high pedestrian area for the local school.</p>
