

Material Sample Board

Roof

Marley Eternit Cedral blue/black slate

Windows

Ecoslide upvc white mock sliding sash windows which MUST be inset by 70mm into the reveal

Tilt & Easy Clean

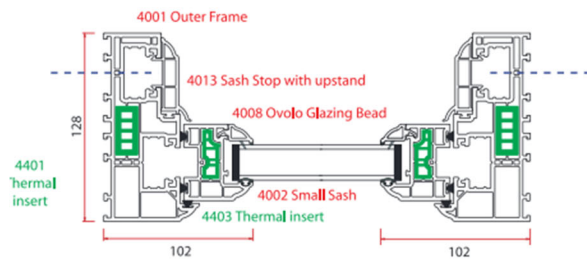

ECOSlide PVC-U sash windows are incredibly low maintenance, requiring only a quick wipe down with a damp cloth to keep them looking as good as new.

The window sashes feature an inward opening tilt facility to allow easy and safe cleaning of the outside frame and glass from inside your home.

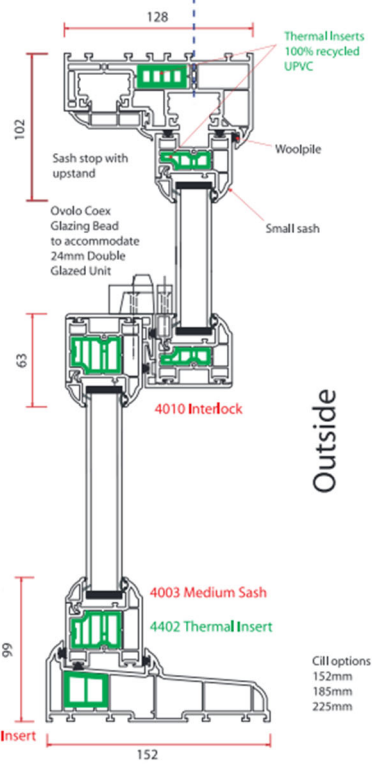

This is particularly useful for second storey windows, or windows positioned in a hard to reach place, like above a conservatory.

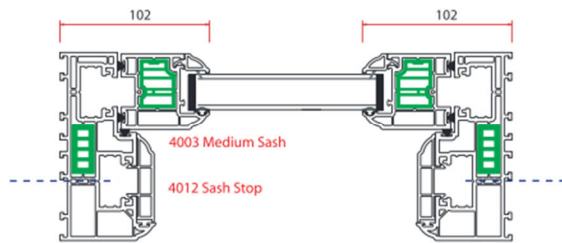

Horizontal section through top sash

Vertical section through sash

Horizontal section through bottom sash

Note: Thermal inserts (coloured green) are manufactured from 100% recycled PVC-U.

NOTE THE WINDOWS ARE TO BE SET 70mm into the reveal

External walling

To match the existing natural stone coursework and pointing style
