**Subject:** RE: 2022/90952 - 52, Gledholt Road, Gledholt, Huddersfield

There are no real issues from a Highways point of view. There is plenty of parking shown.

The entrance should be widened to 4.5m to potentially allow 2 vehicles to pass at the access (not 3.7m as proposed).

The main highways issue to resolve is waste. We need to consult with waste collection to determine the number and type of bins needed and they need to show bin collection points.

Regards

Mark Berry
