

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England) Order
2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2022/62/90952/W

To: Jones Thomas,
Thomas Stoner Estates Ltd
Carlinghow Mills
Batley
WF17 8LL

For: Thomas Stoner Estates Ltd

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

ALTERATIONS TO DWELLING TO FORM HOUSE IN MULTIPLE OCCUPANCY (HMO) COMPRISING 8 BEDROOMS, DEMOLITION OF OUTBUILDING AND BOUNDARY WALL, FORMATION OF PARKING SPACES AND ERECTION OF REPLACEMENT BOUNDARY WALL AND FENCE (WITHIN A CONSERVATION AREA).

At: 52, GLEDHOLT ROAD, GLEDHOLT, HUDDERSFIELD, HD1 4HR

In accordance with the plan(s) and applications submitted to the Council on 14-Apr-2022, subject to the condition(s) specified hereunder:-

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, in the interests of visual and residential amenity and highway safety and to preserve the character and appearance of the Conservation Area and to accord Policies LP20, LP21, LP22, LP24 and LP35 of the Kirklees Local Plan and Policies within the National Planning Policy Framework.

3. Before the development is first brought into use, all areas to be used for the parking, turning and access by vehicles as shown on the approved site plan shall be laid out with a hardened and drained surface and the parking spaces marked out into bays. Any new or replacement hard surfacing shall be formed in accordance with the Communities & Local Government and Environment Agency's 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or any successor guidance before the HMO accommodation is first occupied, unless arrangements have been made for run-off water to drain to a soakaway within the curtilage. Thereafter these areas shall be maintained as such and retained free of any obstruction.

Reason: To ensure a satisfactory layout in the interests of highway safety, to ensure that the development does not contribute to flood risk through increased run-off, and to accord with the aims of Policies LP21, LP22 and Policy LP28 of the Kirklees Local Plan and Chapter 14 of the National Planning Policy Framework.

4. Before the development is first brought into use, all areas to be used for the storage and collection of wastes as shown on the approved site plan shall be laid out with a hardened and drained surface. These areas shall be thereafter retained and kept clear of all obstructions to the uses shown on the approved site plan.

Reason: To ensure that the development has adequate facilities for the separation and storage of wastes and to ensure that they can be collected without causing an obstruction to the public highway, so as to accord with the aims of Policies LP21 and LP24(d)(vi) of the Kirklees Local Plan.

5. A minimum of one electric vehicle recharging point shall be installed within the proposed parking area before the development is first brought into use. Cable and circuitry ratings shall be of adequate size to ensure a minimum continuous current demand of 16 Amps and a maximum demand of 32Amps. The electric vehicle charging point(s) so installed shall thereafter be retained.

Reason: In accordance with the aims of Policy 24(d & v) of the Kirklees Local Plan and government guidance on air quality mitigation, outlined within the Planning Practise Guidance and Chapter 14 of the National Planning Policy Framework, so as to promote infrastructure which encourages modes of transport with low impact on air quality and carbon emissions.

6. The cycle storage facilities shown on the approved site plan shall be provided before development is first brought into use and thereafter retained as such.

Reason: To ensure that all residents and visitors have access to facilities for the secure storage of pedal cycles and to promote the use of sustainable methods of transport in accordance with the aims of Policies LP20 and LP24(d)(ii) of the Kirklees Local Plan.

7. Before any part of the new development is brought into use, the new boundary fence and rebuilt boundary wall shall be erected in full accordance with the details shown on the proposed site plan and section (ref TR-A22-0303-010 Rev E and TR-A22-0303-013 A) and shall thereafter be retained as such.

Reason: To ensure that the development safeguards the privacy of existing and future occupants and to accord with the aims of Policy LP24(b) of the Kirklees Local Plan.

Note – crime and security

The Council wishes to draw the developer's attention to the advice of the Police Architectural Liaison Officer concerning security measures that it might be possible to incorporate into the development. Please note that some of these may require planning permission in their own right, and it is the responsibility of the developer or subsequent owner of the property to check whether or not this is the case before carrying out any works.

Construction Site Working Times – Footnote

It is recommended that noisy construction related activities should not take place outside the hours of:

07.30 to 18.30 hours Mondays to Fridays

08.00 to 13.00hours Saturdays

With no noisy activities on Sundays or Public Holidays

Construction Sites working times – Footnote

Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists, or is likely to occur or recur. Failure to comply with a notices served using the above mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

Bats – Footnote

There is the potential for a bat roost to be present on site. Bats are a European protected species under regulation 41 of the Conservation of Habitats and Species Regulations 2010. It is an offence for anyone intentionally to kill, injure or handle a bat, disturb a roosting bat, or sell or offer a bat for sale without a licence. It is also an offence to damage, destroy or obstruct access to any place used by bats for shelter, whether they are present or not.

If bats are discovered on site development shall cease and the applicant is advised to contact Natural England for advice.

Plans and specifications schedule:-

Proposed section	TR-A22-0303-013	A	03-Aug-2022
Design & access statement			19-Apr-2022

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application. The case officer undertook negotiations with the applicant to secure reduction in the number of rooms in the interests of the amenities of future occupants and changes to the external layout in the interests of ensuring that there would be no adverse impact upon the character of the Greenhead Park / New North Road Conservation Area.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and

any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording "submitted to and approved in writing by the Local Planning Authority".
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within:
 - i) 28 days of the date of service of the enforcement notice, or
 - ii) within the specified period, starting on the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 14-Sep-2022
