5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Sycamore 1 - fell and removal as large part of base has rotten away and in poor condition due to aggressive Ivy growth.
Sycamore 2 - fell and removal as large portion of trunk has been infested with woodworm and in poor condition due to aggressive Ivy growth.
Conifer - fell and remove, Low amenity value, this conifer is next to another established conifer, this creates a large shaded area, in addition, there is an established Magnolia Blossom tree which the conifer is now in contact with, with the conifer removed the Magnolia will have more space and no impedance to grow and flourish further.

To compensate for its removal we are happy to plant a standard Oak or Cherry or Magnolia in a more suitable location within the property boundary.
