Do you wish your comments to be published on the website anonymously?	No
<p>See also my comments on previous application.</p> <p>An additional 70 cars going onto Oddfellows Street and Salisbury Road is dangerous and unrealistic. Those cars then entering Scholes Lane is even more dangerous with no line of sight now due to parked vehicles.</p> <p>All above cars plus heavy construction vehicles will need to go through Scholes conservation area, with potential damage to conserved buildings.</p> <p>Local infrastructure, doctors, schools etc are already stretched.</p> <p>Access for emergency vehicles will be restricted. Bin collections and additional delivery vehicles will give added problems.</p> <p>Residents of Oddfellows Street who own part of the road outside their property have not been approached, i have no intention of selling. Am I going to be compulsory purchased?</p> <p>Thr field is already prone to flooding., additional buildings will make this worse.</p> <p>What happened to the previous building embargo?</p> <p>Such an open space is a major plus for local people and was an absolute boon during covid 19 lock down.</p> <p>There is already (and has been) a lot of development in the Scholes area changing the character of the area.</p>
