3 Penn Drive Liversedge WF158DB	
Application no 2022/62/91228/E - R Jagger	
<p>I object to the application that, if approved, would have a seriously adverse impact on my quality of life. Quite apart from the extensive noise and disruption from the construction works, the finished article would be quite massive and out of proportion to the street scene, just metres from my home and looming over it in an oppressive way. The additional height and massing which in effect will become a two storey building will affect the quiet enjoyment of my home, my garden and to the street I have lived in for 36 years and where I now reside</p> <p style="text-align: right;">Not to mention the additional vehicles a property of this size will attract.</p> <p>I do not object to the application in principle but any future applications should be sympathetic to the street scene and to the near neighbours and myself. The present application is well over the top and should be recommended for refusal by the Officers if put before them.</p>
