It is my view as a near neighbour that the roads in this area are already busy and dangerous. It is not going to be make it any safer for pedestrians or cyclists. I have seen many near misses and have previously voiced concerns over the speed traffic travels along crosland road nearby. It is my view that this will negatively impact the climate with increased volumes of traffic in the area. Lindley moor road can be impassible when the m62 is at a standstill and this development is not going to help with that.
