This would be a huge mistake. The development in this part Huddersfield is out of control. There are huge numbers of kids at my childs school with Asthma issues including my own. This is hugely linked (recent national incidents and court reviews) and will only increase further with additional developments. The combination of increasing motorway traffic feeding into this area around Lindley Moor Road and ANOTHER development would just be carnage. As a council you really need to consider the whole of Huddersfield for development and not just what appears to be the most attractive on paper (£'s). Ineffective council planning approval will lead to bigger disparity in areas around Huddersfield by which time you'll no doubt be claiming your pension.
