Address of the site or building:	Land off Lindley Moor Road, Lindley, Huddersfield, HD3 3SX
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
This type of development is not necessary for this area. There is far less green land than there ever has been in this area after the recent building of the multiple housing developments on Crosland Road and the industrial buildings. This development will create unnecessary noise pollution and have a damaging impact on the local wildlife and residents of the local area. Traffic is already an issue, especially from Ainley Top roundabout down to Huddersfield Center using Halifax Road. Local effects of living will be impacted as these buildings will impact the view and sunlight available to the local housing. This development will increase the amount of direct traffic to the area and people will look to park on local roads making parking of residents difficult.
