<p>I have some concerns for the wildlife, there is a kestrel that regularly hunts over the field. It previously used what is now the Persimmon houses and the field adjacent to macs trucks however I now only occasionally see it over the area concerned, I really hope that if these plans go ahead the kestrel will still have enough hunting area to support itself.</p> <p>If these plans do go ahead a wildlife corridor needs to be established before building work is started to support the wide range of wildlife.</p> <p>I will be disappointed to see the lovely mature oak trees go.</p>
