Address of the site or building:	Land off Lindley Moor Road, Lindley, Huddersfield, HD3 3SX
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
This area of land is one of the last remaining fields in the area on the south side of the M62. The development would be right on the skyline and dominate the surrounding area. The Calderdale side of the motorway will continue to have lots of green space whilst the Kirklees side will have lost it all, forever. The facilities to be offered by the development don't seem to align with what is really needed by local residents (improved GP services, school places). We already know that the pollution from traffic on the M62 impacts on the health of residents in the area. Traffic levels won't decrease so consideration should be given to retaining as much green space and planting as possible.
