To: Kevin Walton Kirklees Council Planning Services	Ref: 2022/91524 Date: 14 th March 2023
---	--

Site Location: 24 Zetland Street, Huddersfield, HD1 2RA
Application: Change of use from dwelling to mixed use

Dear Kevin

Following my previous comments for this application dated 19th August 2022. Further information has been submitted in relation to this application. This information has been assessed for public safety and security and it is still concluded that this application must be **REFUSED** by Planning.

Policy Guidance

The National Planning Policy Framework (July 2021)

Section 8. Promoting healthy and safe communities

Para 8. Achieving sustainable development means that the planning system has three overarching objectives, which are interdependent and need to be pursued in mutually supportive ways:

(b) a social objective – to support strong, vibrant and healthy communities, by ensuring that a sufficient number and range of homes can be provided to meet the needs of present and future generations; and by fostering well-designed, beautiful and **safe places**, with accessible services and open spaces that reflect current and future needs and support communities' health, social and cultural well-being.

Para 92. Planning policies and decisions should aim to achieve healthy, inclusive and safe places which:

b) are safe and accessible, so that crime and disorder, and the fear of crime, do not undermine the quality of life or community cohesion – for example through the use of attractive, well-designed, clear and legible pedestrian and cycle routes, and high-quality public space, which encourage the active and continual use of public areas.

Para 97. Planning policies and decisions should promote **public safety** and take into account wider **security and defence** requirements by:

a) anticipating and addressing possible **malicious threats** and natural hazards, especially in locations where large numbers of people are expected to congregate. Policies for relevant areas (such as town centre and regeneration frameworks), and the layout and design of developments, should be informed by the most up-to-date information available from the police and other agencies about the nature of **potential threats** and their implications. This includes appropriate and proportionate steps that can be taken to **reduce vulnerability**, increase resilience and **ensure public safety and security**; and

b) recognising and supporting development required for **operational defence and security purposes** and ensuring that operational sites are not affected adversely by the impact of other development proposed in the area.

Section 11. Making Effective Use of Land

Para 119. Planning policies and decisions should promote an effective use of land in meeting the need for homes and other uses, while safeguarding and improving the environment and ensuring **safe** and healthy living conditions.

Section 12. Achieving well-designed places

Para 130. Planning policies and decisions should ensure that developments:

f) create places that are **safe**, inclusive and accessible and which promote health and well-being, with a high standard of amenity for existing and future users; and where **crime and disorder**, and the **fear of crime**, do not undermine the quality of life or community cohesion and resilience.

Kirklees Local Plan (February 2019)

Policy LP24 supports the above statement and mentions that new developments should incorporate crime prevention measures to achieve:

Section (e). – “the risk of crime is minimised by enhanced security, and the promotion of well – defined routes, overlooked streets and places, high levels of activity and well – designed security features”.

Crime and Disorder Act, 1998

This report is submitted in the interests of crime prevention and addresses our collective responsibilities under:

Section 17 - Duty to consider crime and disorder implications.

- (1) Without prejudice to any other obligation imposed on it, it shall be the duty of each authority to which this section applies to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent,
 - a) **crime and disorder** in its area (including anti-social and other behaviour adversely affecting the local environment); and
 - b) the misuse of drugs, alcohol and other substances in its area; and
 - c) re-offending in its area.

Summary

West Yorkshire Police maintain that this application should be REFUSED on the above policy grounds.

Yours sincerely

Richard Thornton MSyI
