Loud to the neighbourhood area & more pollution to the sky. Will effect traffic for George street residents & for them to be able to park on their own street as workers will be using George street to park like other business does in the area. Will block access from George street on to northgate & traffic on there. Noise pollution & chemical pollution higer & louder for residents in the area especially George street & the houses in northgAte. Dangerous as large vehicles will be in the neighbourhood on a road that is not very wide & already gets busy with car traffic through to cleckheaton & have small children in the area. Road not wide enough for hgvs. This has been declined once before as all residents have rejected. The land is not suitable for the units with hgvs it's dangerous , unsafe, will cause a lot off traffic, noise for the area. Will impact the area massively especially with noise pollution & dangerous vehicle around a young children
