Address of the site or building:	Land off, Hermitage Park, Lepton, Huddersfield, HD8 0JU
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
There is so much to say about the proposed site and the larger site that it will be part of. Everything in the immediate area and surrounding are already over capacity from the country lanes to the schools from early years to school leavers, the doctors, dentists etc. where are all the new residents going to go and if local what does that mean for current residents? The waiting lists for doctors is already dangerous. The natural habitat for many wildlife is at risk and there will not be anywhere for children to play in nature. Roads are already full of double parked cars and queuing to get out of the villages This is a terrible idea from any angle and brown belt land should definitely be the alternative. This is already a done deal and will fall on deaf ears
