Address of the site or building:	Land off, Hermitage Park, Lepton, Huddersfield, HD8 0JU
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
When will kirklees stop allowing green space to be destroyed? Just take a look at the appalling decline in wildlife numbers, it's because their habitat is concreted over. Lining the council's pockets seems to be more important than the welfare of wildlife and people who live in the area. People choose to live in places like lepton for the green space and the good schooling etc. But destroy this, overcrowd the schools and it becomes undesirable. Will kirklees be building new schools and doctor surgeries to accommodate all these extra houses? They allowed a massive development in Highburton and none of the money that redrow gave for improvement to the area was actually allowed to be used. How will traffic be affected into penistone road? It is not easy to turn right onto penistone road from Rowley hill as it is. Traffic there is always congested during busy peaks. When will kirklees start listening to residents?
