## User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I feel it only right to object to this development for several reasons.</p> <p>The village does not have the infrastructure to cope with the volume of people (doctors, dentists, Schools)</p> <p>The road network is already at braking point at peak times. Access onto A roads to exit the village are already congested and frankly dangerous at peak times.</p> <p>The site itself is situated far too close to ancient woodland which will in no way benefit from this development.</p>
