Address of the site or building:	Land off, Hermitage Park, Lepton, Huddersfield, HD8 0JU
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The current infrastructure in this area will not support the number of dwellings being proposed. The roads, drainage systems, schools and Doctors surgery do not have the additional capacity that is required and the planning application does not address this. Similarly the loss of this amount of green space which is home to an array of wildlife is unacceptable. This planning application cannot be viewed as a stand alone project but must be considered with the overall plan for this area.
