KMC Planning

Dear Sirs

Planning Proposal for 80 houses on Green Belt meadow land next to ancient woodland, off Hermitage Park, Lepton.

Please see attached letter from the Department for Levelling Up, Housing and Communities.

The land is an area of outstanding beauty. It should have full protection. It is greenbelt and has protection per National Planning policy framework. You must protect ancient woodland per NPPF. Openness needs to be maintained. There are biodiversity objectives to adhere to. There are climate change objectives. Brown belt and inner city regeneration is the priority.

Thank you

Best Regards
