I strongly object to the proposed development of 80 dwellings at the rear of my property. The ground level of the field is higher and we will be overlooked which will be an invasion of our privacy and our piece will be shattered with additional noise. Our views from our back garden will be completely blocked by this unnecessary development, in an area where there are wild animals that explore from Lepton Woods. The access road through Hermitage Park is not suitable and will cause stress to the local residents living there. The services will not cope with additional residents i.e. schools, doctors, dentist etc. Rowley Lane is very busy at times and therefore additional vehicles will only add to this and increase the likelihood of accidents near to Rowley Lane school. There must be more suitable locations in Huddersfield without spoiling the beautiful countryside that we have.
