<p>I am concerned about the extra vehicles (12) running along the unadopted dirt track across the front of no's 1,3,5, Fernside Avenue, as it is barely safe for the vehicles that are already using the track because the entrance/exit is so close to the very busy junction at the top of Almondbury Bank/Fernside Avenue and Town End. There are 2 schools down Fernside Avenue which make it even busier. There is also extra traffic taking short cuts from Lepton/Kirkburton and the surrounding areas. So pulling out into this junction is an accident waiting to happen! There have been previous accidents there with just normal traffic, adding another 12 vehicles to this entrance would be suicidal. There is also the fact that this entrance is 270mtrs wide (9ft) and the limit is 345mtrs plus a pathway for pedestrians. Have the Highways been informed of these changes?</p>
