<p>I have no objection to the application. My concern is about parking pressure related to the actual work. No 1 Saxon Close has a driveway and immediate access adjacent on the pavement outside the property. Our previous experience of home improvement locally is that the builders are not as responsive as one would wish to the lack of parking for 7 houses at the top of Warburton. My request is that there is a planning condition that restricts the builders parking to the immediate vicinity of No 1 Saxon Close and that builders do not park at the top of Warburton where the road ends or anywhere on Warburton without pavements.</p>
