KIRKLISS PLANNING SERVICES.

21/6/2022.

To whom it will concern,
Thank you for your
letter reference 2022/91966.

We have no objection to the
erection of a single story dwelling but
would object to any building other than
that size. We would also object if existing
screening trees were to be removed
without further discussion.

Yours sincerely

P.S. It is worth observing that we
have excellent relations with our good
neighbour, the applicant who has fully
involved us.
