Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
Already such a busy junction & so close to a first school there is already coop & a Tesco in birstall Center which is adequate for a small town. If people want so shop big they can go to main shopping area which has ikea m & s etc.. there is also nearby Aldi .Tesco ,and a Lidl opening soon .. why allow all the business trade be swallowed up by big cats when the small independent businesses just on the road in the Center are already struggling to trade ,there is coop & Tesco that have already taken trade away from the already struggling business why do Kirklees want to kill the town Center to help the big six out all the time .. time for once to look after the small town wanting to build up family run business.. plus that junction is already busy enough with accidents on a regular basis! Why create more risk & congestion, say no .. they arnt going to loose their home or Buisness if it gets rejected! They will just look for another more appropriate site! Family run Business in the small already struggling town could loose everything if this goes ahead.
