<p>I have lived in this area all my life and the traffic congestion at this junction is the worst I have ever seen. By building a store here will exacerbate the situation with traffic . The plans are one entrance for traffic in and out of the site on Leeds road , this is at the junction where it already backs up and has parking issues . By going ahead with the plans as there are will add serious congestion issues and potentially cause traffic incidents as well as hazardous for pedestrians. Currently people don't use the yellow box correctly , the right turn onto Huddersfield road from Leeds road only ever lets one car through and people constantly jump the lights.</p> <p>I believe this plan hasn't considered the traffic flow and local residents and how it would impact on health too with added traffic fumes .</p> <p>I there object to the current plan</p>
