I strongly object to this proposal as the location is entirely inappropriate due to the constant amount of traffic already present at this junction every day. There are also several primary school in very close proximity namely Birstall Primary Academy, Windmill C of E and Fieldhead Primary all of which have pupils and their parents walking through Birstall centre and around the proposed location twice daily. The extra traffic and footfall could result in a very serious safety risk for children crossing roads with their parents as there is currently only basic crossing facilities in place. If this proposal were to go ahead i feel that drastic road changes should be completed to ensure traffic congestion is eased and safety ensured for all.
