It is inevitable that this supermarket will add to the already increasing traffic difficulties. The A62 is heavily used, which is exaggerated when there are issues affecting traffic flow on the M62. This development will add to these issues. Furthermore, this is likely to cause difficulties in traffic flow, which will likely result in dangerous driving, in close proximity to a local school. Finally, the impact on local businesses in Birstall village, will potentially have a long term negative effect on the village, akin to other small towns/villages across the district.
