<p>I write to give full support to the above planning application.</p> <p>The proposal would bring a derelict site back into positive use which would benefit the area.</p> <p>The proposed dwellings have overlooked an area of public open space which I believe would increase natural surveillance of the area and would deter anti-social behaviour.</p> <p>Previously the site has been shut for few years and not any use to the community. Atleast this will allow local public to take advantage and gain benefit from the site.</p> <p>No objection from the Coal Mining Authority as replacement building to an education centre and prayer room will not require excavations or digging, and proposes no new foundations or concreting. They have also noted from the existing and proposed floor plans that the original footprint of the building is unchanged.</p> <p>This project will not have an affect on living conditions for neighbouring houses such as reduce of sunlight or daylight or privacy issues. No trees will get affected nor any noise created.</p> <p>As a neighbouring member to this application I would want to see the building come in to positive use which will benefit all surrounding area especially youngsters.</p>
