As a local resident I strongly object to any extension at the hospital. It will inevitably mean more staff and customer traffic and so exacerbate the very real dangers on nearby roads arising from congested and inconsiderate parking. Despite constant empty spaces on their car park, managers at the hospital openly insist their staff do not use them. Consequently, as is self-evident, the whole area is hazardous for all pedestrians & wheelchair users as well as all drivers and service providers (bus drivers/users, ambulance & care workers, bin & delivery vehicles etc.). There have been numerous requests to take account of this from all Newsome Councillors, from many residents and from press reports of the local discontent. Despite this, the managers/owners remain intransigent. Further provision on the site will therefore inevitably increase the parking over-spill to neighboring roads and so aggravate the current serious (potentially fatal} danger. Please prohibit any further provision on the site.
