The impact of cars parked outside daily from Monday to Friday by staff from the hospital (both sides of our drive) and opposite our house on a bend means that our sight lines when driving out of our drive is seriously impeded. This is particularly galling when we note the vet's car park has many empty places quite often and there are usually a number of spaces in a designated parking area on Somerset Road. Living on Longley Road has become dangerous Visitors, builders, workmen and family are often unable to park outside. Our road has gone from being a wide accessible, relatively quiet, road to a dangerous bottle -necked unofficial car park where buses, lorries and parked cars all compete for space to pass or to remain static obscuring views and partially blocking our drive.
