The opening of the Hospital and CEOs insistence that staff park on local streets rather than in the car park has led to numerous difficulties including incidents at which the police had to be called. When all the satff park their cars in Longley Road it is very dangerous for us to reverse out of our drive as we cannot see clearly. The parking at the mini roundabout directly opposite the hospital makes this a particularly dangerous area. The assertion that there have been no problems with local residents is a downright lie. We all recieved a threatening letter from the CEO after the incidents at which the polie were called. The extension can only make an already fraught situation even worse.
