When the Vets first opened three years ago the residents of Longley Road have suffered with an unprecedented amount of dangerous and unacceptable parking, the staff at the practice are not allowed to park in the car park. At the bottom of the road where there is a mini roundabout cars are parked too close to the junction making it impossible to judge and see other cars approaching. Parking outside houses which affects a good third of the road, again makes it very difficult to see oncoming traffic. A very stressful situation which happens every day and all day. The average number of cars parked daily is 20. As cars park on both sides of the road it becomes a single lane with speed bumps to consider making it even more difficult. With all this in mind, I am objecting to this application, as it is bound to cause even more traffic and safety issues.
