Erection of single storey extension and alterations

Date Responded: 18/07/22
Responding Officer: Nick Goddard
Responding Ref: TPO HU2/73

There are no trees of significance in the location of the proposed extension. The proposals will be close to numerous small trees to the north and east however the site hoarding will prevent any accidental damage and the trees are young and will adapt to the change of the site. I would therefore have no objections to these proposals.
