

**Consultation Response from KC,
Trees**

2022/92359 adj, 219, Raikes Lane, Birstall, Batley, WF17 9QF

Erection of one dwelling

Date Responded: 17/08/22

Responding Officer: Nick Goddard

Responding Ref:

There are no significant trees on the site. The presence of small cherry and hedgerow species provide limited amenity value and should not be a constraint on this proposal.

I would have no objection to the proposals as they would not result in a negative impact on the public amenity or tree cover of the area.
