Thank you for the information in the letter, but was told about this in summer by the builders. I'm interested to know what's happened to the promised allocated car park for residents of Netherton Fold. The issues remain the same noise depending on method of pile driving, aggregate and skip waggon not using nets = filthy muddy dangerous road if raining - this blocks gullies and treads into the home = no care for local residents. Also added volume and speed of traffic using Netherton Fold/Lea Lane - perhaps a 20 mph speed restriction and weight limits for larger vehicles may just prevent a fatal accident.
